

# Dual Fuel Smart Meter Technicians

---

**Location:** Field based

**Salary:** Dependent on experience

**Hours:** 45 hours a week

**Holiday:** 20 days plus 8 days (bank holiday)

## Company Background

Our mission is to bring our customers Fair Market Prices for simply lower energy bills. We believe all customers should have access to renewable, affordable energy and great customer service.

A fantastic opportunity has arisen for an individual to join the team as a SMART Metering Technician. Working with the Smart Metering Supervisors to ensure an exceptional customer experience.

## You will be responsible for a wider metering remit including:

- To install metering equipment within timescales set by company SLA's.
- Remote and on-site fault diagnosis and rectification.
- Remedial repairs reset of remote read GSM modules.
- Meter removal.
- Meter reading.
- Accurate completion of paperwork.
- Mentoring of new meter technicians as part of our expansion programme.

## Essential skills

- Time management and ability to prioritise work load.
- Excellent customer service skills.
- Excellent communication skills.
- Attention to detail.
- Ability to show initiative and be flexible within the role.

## Dual Fuel Smart Meter Technicians

---
