

Commissioning Engineer

Location:

Solarplicity Head Office (Unit 8 Peerglow Centre, Marsh Lane, Ware, SG12 9QL)

Company Background

Solarplicity are a leading provider of renewable solar PV technologies, helping homeowners as well as businesses through out the United Kingdom to discover the benefits of a cleaner, greener energy.

We are seeking to recruit a **Commisioning Engineer** to carry out commissioning of the Solar PV installations.

Duties and Responsibilities:

- Checking documentation for Domestic Energy Assesors
- Completing forms online
- Tracking documentation
- Checking and Comparing information on documentation
- Compare, Design and Install matching information
- Make ammendments on design
- Interaction between Solarplicity Ofgem and online monitoring portal system

Skills, Knowledge and Experience:

- Excellent Customer Service and Interpersonal skills with proven ability to deliver a high level of customer service
- Excellent planning, organisation and self-management skills
- Strong verbal and written communication skills
- Good all round IT proficiency
- Attention to detail
- Electrical Engineering qualification

Desirable:

- Technical knowledge of Solar PV is an advantage but not essential as full training will be provided

Hours of work:

- 8 - 5pm, however you will be expected to work the hours necessary to complete your role.
